AIR RIFLERY TOURNAMENT

I. SPECIFIC OBJECTIVES

- A. To select a state individual and team riflery champion for boys and girls through tournament competition.
- B. To recognize the combined efforts of all participating teams and schools in the tournament.
- C. To promote and encourage the highest principles and standards of attitude and positive behavior.
- D. To promote the highest principles of good citizenship in tournament competitions.
- E. To promote safety awareness at all times.

II. OFFICIALS

- A. Officials shall be selected by the Sport Coordinator and approved by the HHSAA Executive Director.

III. ELIGIBILITY

- A. Each participant must be eligible under the rules of his/her league and under the eligibility requirements specified by the HHSAA.

IV. TOURNAMENT REPRESENTATION

Each league shall determine the method of selecting their entries, subject to the following allocation of participants to each league:

- A. Representation for the tournament is limited to 60 boys and 60 girls. No league's entries should fall to less than five (5) according to the formula for selecting each league's number of entries.
- B. With respect to each gender, the number of representatives for each league shall be determined by the following formula:

$$\frac{\textit{Number of Participating Teams in League}}{\textit{Number of Participating Teams in State}} \quad \times \quad \textit{Number of participating Spots}$$

All fractions of more than one-half shall be counted to the next whole number, with highest percentages considered to keep the total number of entries at the specified limits for boys and girls.

- C. Schools may bring an unlimited number of individuals to the tournament, as long as their league qualified them, and as long as the league's entries do not exceed the total number allocated by the formula for determining league representation.
- D. The slot for a qualified participant who cannot participate in the match belongs only to the league in which that athlete participates. Substitutions will come from the list of league alternates, following that league's rule for qualifiers to state tournaments. If the league cannot fill the vacancy with an alternate, the vacancy shall remain unfilled.

V. ENTRY DEADLINE

- A. A school's list of entrants shall be submitted to the Sports Coordinator six days prior to the start of the tournament (by 4:30 p.m. on October 22, 2008). This list shall include two alternates for each category.
- B. Additionally, the names of the shooters who will make up a school's team (for purposes of team scoring competition) shall be provided to the statistical office at least fifteen minutes prior to the first round of the tournament being fired. No school may enter more than one team per gender.

COMPETITION DIRECTOR'S
BULLETIN 1-08
Sept. 19, 2008

Safety Rules

Rule 2.0 Safety section of the rule book should be reviewed by all and complied with.

When transporting a rifle uncased, muzzle should be pointed skyward with the muzzle above the head. Bolt must be open and CBI inserted.

After competitors finish firing a stage of fire and as long as the command STOP has not been given, they may make sight, butt-plate or cheek-piece adjustments on their grounded rifles, but rifles may not be removed from the firing line. When the commands STOP-UNLOAD are given, all handling of rifles must cease.

Finger off the trigger

Shooter's trigger finger should remain outside the trigger guard until aligning sights and ready to shoot.

Range commands

Range Commands will consist of **Load, Start, Stop, & Unload**. The standard administrative commands to move on or off the line, hanging targets, or Rule 7.13 will continue to be used.

While resting between shots or loading, the muzzle must not point above the top of the target frames. If the rifle touches the ground, the muzzle must point down range.

Pellets may be loaded from the ground only in prone and kneeling. A support shall be used to raise the pellets off the ground for standing so as not to have to reach to the ground for pellets while loading and possibly having the muzzle pointed in an unsafe direction.

Equipment inspection

All equipment must pass equipment inspection prior to being used in competition. Competitors should have equipment inspection form completed prior to check in. All equipment should be brought by competitor at time of check in.

CMP ROTC MATCH

A special ROTC cadet match sponsored by the CMP will be held concurrently. It is open to any currently enrolled ROTC cadet regardless of military branch. Only cadets from schools not on the "cease fire" list may participate. This means that cadets from schools that have been approved for marksmanship by military inspection may participate. Cadets should check with their respective school's ROTC program as to whether they are eligible. A separate entry form will be used for this entry.
